

## Directions to Access International House

**2299 Piedmont Ave, Berkeley, California, 94720**

Due to a large-scale construction project, the front entrance of the International House will be taken offline until the project has been completed at the end of October. Based on the room you are using within I-House, you will need to access the building via either of the two entrances indicated below.

**Slusser/Auditorium Entrance** will be used for events taking place in the Auditorium or Slusser. An alternate entrance is available for ADA access to both these rooms, if needed.

**Bancroft Way Entrance** will be used for events taking place on the second floor of our building, Home Room or Ida and Robert Sproul Rooms. There is an ADA compliant accessible ramp to the doors that has been constructed for temporary access.
